

# CONCERTS AND LIVE EVENTS

CAPRI 

The Capri Theatre is an independent cinema and theatre, and an icon of art deco architecture in Adelaide. Built in 1941, this heritage listed building has been lovingly restored, is in pristine condition and is only 10 minutes from the city.

The Capri is available to hire for concerts, live events, conferences, seminars, private movie screenings, awards ceremonies and more.

Owned by the Theatre Organ Society of Australia, it's a home to their unique world class theatre pipe organ. As a not-for-profit organisation, the profits from all events and hires go back into the maintenance and restoration of this beautiful building and the mighty WurliTzer theatre pipe organ.
